REMARKS

25X1

25X1 1. [REDACTED] a west-bound train in Terespol (S 53/L 77) on 6 September 1950 carried tanks with six boogie wheels on each side and mounted a gun of about 120 mm caliber with muzzle brake. The guns on the train were of 150 to 180 mm caliber, had split-trail carriages with square trails and spoked wheels with solid rubber tires. The barrels had no muzzle brakes. The gun shields were rounded and did not project beyond the wheels. *

25X1 2. [REDACTED] the 3,000 troops with tanks and artillery which had been unloaded in the Siedlce (R 53/L 88) area in late August and early September 1950 had been loaded in Brest-Litovsk. **

25X1 * [REDACTED] Comment. Heavy JS tanks and probably model 1937 152-mm gun-howitzers.

25X1 ** [REDACTED] Comment. [REDACTED] the troops unloaded in Siedlce may have been those previously observed in Brest-Litovsk.

Excluded from automatic downgrading and declassification
 Director of Central Intelligence to the
 Archivist of the United States
